

PFZ|SKL

EMC Shield clamps for bus bar

Product description

Comparable with the PF|SKL range, the shield clamps can be used for shielding single cables. They are used for mounting on 10 × 3 mm bus bars.

The PFZ range provides the possibility to affix the cable with a cable tie. Strain relief in accordance with VDE standards is achieved.

Advantages

- Integrated strain relief
- Optimal contact of the cable shield
- Simple and tool-free assembly
- Permanent, continuous pressure on the cable shield, adjustment of the spring load not necessary
- Vibration-proof, maintenance free

Specification

Material
SKL-clamp **Spring steel, zinc-plated**
PFZ-foot **Spring steel**
Busbar **Cu, tin-plated**
 Current load 140 A
